To Whom It May Concern:

Over the past few years that I have been working with Back to Health In-Home Rehab and I can say that I am truly impressed. I know that any patient that I refer to them will receive a pleasant and high quality rehab experience. The therapy equipment that they bring to the patient's home helps maximize outcomes. The feedback that we receive from our patients has always been extremely positive.

I highly recommend their services to anyone requiring the need of physical and/or occupational therapy.

Neil Gonter, M.D., F.A.C.R.
