

### Your Patient's Results

Patient Name: SH, JACK

Please circle one:

I have **have not** seen improvement since I started Physical Therapy.

Having Physical Therapy in my home was **was not** beneficial.

My Physical Therapist was **was not** knowledgeable in Physical Therapy.

I would **would not** recommend my Physical Therapist.

Describe your overall experience with Back To Health In-Home Rehabilitation:

I commend you for having Yvette on your staff. She is a gem and I would recommend her to anyone needing physical therapy. Her experience and knowledge inspire confidence. She makes the client a partner in the therapy by clearly explaining the point of each exercise and identifying muscles involved. She relieved my back pain very quickly. I am completely comfortable with her pleasant, cheerful personality.
